

Gerald Ng

Application Developer / Business Analyst

 Jurong, Singapore |  +6584829482 |  geraldngkangjie98@gmail.com |  <https://raldng.vercel.app/>

Summary

Motivated developer skilled in designing, building, and optimizing applications. Seeking to leverage a strong foundation in Computer Science and hands-on experience to drive innovation and success in software development projects.

Experience

Accenture

Application Developer / Business Analyst

June 2025 - Present

West, Singapore

Accenture

Application Developer Intern

July 2024 - April 2025

Central, Singapore

MOE Cloud Migration Project

- Collaborated closely with end users during User Acceptance Testing (UAT), ensuring the migrated system met functional expectations and maintained operational continuity.

SkillsFuture Regulatory System Project

- Resolved high-impact tickets post-CR go-live, stabilizing system performance and minimizing downtime during a critical transition period.
- Proactively addressed long-standing legacy issues, enhancing system efficiency and reducing friction for both end users and support teams.
- Optimized core OutSystems modules, leading to improved execution times and better overall resource management.
- Designed robust test cases that improved test coverage and streamlined validation processes during system updates.
- Led testing efforts across modules, ensuring compliance with internal quality standards and facilitating effective knowledge transfer to team members.
- Served as the primary point of contact with the external vendor, ensuring adherence to front-end development standards and maintaining a consistent user interface experience.

Crimson Logic PTE LTD

Software Developer Intern

March 2018 - August 2018

West, Singapore

Education

Murdoch University

Bachelor of Information Technology in Computer Science

September 2022 - September 2024
